We need DoIT to create a DNS 'CNAME' record for the SPAC domain name (ilspac.illinois.gov) -- and point it to 'ilspac.netlify.com'.

Here are the current host entries that will need to be removed to be able to add the CNAME: ilspac.illinois.gov 163.191.125.130

www.ilspac.illinois.gov 163.191.60.103 (Redirect server. Redirects to: http://www.icjia.state.il.us/spac/)

SPAC was created to collect, analyze and present data from all relevant sources to more accurately determine the consequences of sentencing policy decisions and to review the effectiveness and efficiency of current sentencing policies and practices. SPAC reports directly to the Governor and the General Assembly. See 730 ILCS 5/5-8-8(f).
